

Angel and the Dark Boy

Angel looked for dark boy--his magic and his style;

Dark boy looked for Angel--her body and her smile.

Angel prayed for dark boy--salvation for his soul;

Dark boy prayed for Angel--that she'd lose her self-control.

Angel wanted dark boy, so fears were left unsaid;

Dark boy wanted Angel, and hoped that they would wed.

Angel cried to dark boy when he made her senses Spin;

Dark boy cried to Angel when she willingly gave in.

Angel loved her dark boy while reaching for the light;

Dark boy loved his Angel, but couldn't leave the night.
